

Dear community partner,

Did you know 43% of Green Bay residents are living paycheck-to-paycheck and one major life event away from homelessness?

Here at The Gateway Collective, we are committed to providing affordable and supportive housing for Green Bay's hard-working families. We have launched our first project in the heart of Green Bay, called City Center Lofts. This innovative project will support over 300 tenants with a supportive approach toward upward mobility.

On December 6th, we will be hosting our first special event, **Gateway Home - A Night of Hope** at *Gracyalny's*, a new event venue which we are operating located at 301 North Adams Street, Green Bay. This unique and immersive experience will take attendees on a journey that will allow them to see life through the perspective of those we are serving at The Gateway Collective. Funds raised will help us ensure hard-working families have housing security for generations to come.

Would you consider sponsoring this powerful event? Included are the various sponsor levels with benefits and recognition.

I'll contact you soon to discuss this opportunity. However if you are interested in moving forward with a sponsorship, please feel to reach out to me.

We are grateful for your support of this one-of-a-kind event that will make a lasting difference in our community.

Sincerely,

Christian Jensen
Director of Development
